timestimes making an imposing to in some wholessis and jobbing lines. The New York, Jan. 18.—R. G. Dun's riew to-instrow will say:
"Business in nearly all departments continues very satisfactory, the volume of transactions making an imposing to-lai, as is evidenced by the weeks statistics of bank clearings, which show gains of \$6.5 and \$12.2 per cent. respectively, over the two proceding years.
"There is a general feeling of conservative optimism in commercial and instructions of the region in some wholesale and Jobbing lines. The stock was accompanied by show in the West, and rain South and East had variable effects on retail trade, but on the whole the effect was beneficial, because helping the distribution of winter wearing apparel, shoes, and rubber goods. In addition, the coal trade was benefited by the cold snap and the winter wheat crop, hitherto bare, recivited a fair anow covering.

"In jobbing lines there was more done in the West, owing to reorders placed for proupt delivery of heavy winter goods. In strictly wholesale lines the features were the openings of fall lines of dry goods and clothing, with a fair listerested manifested, the slightly more active despand for tumber at high prices. In the forthwest loggers have had a good manufacturers and the continued good demand for lumber at high prices. In the northwest loggers have had a good souscen, but lador is scarce. In the first and steel industry pix iron is quick, and steel industry pix iron is quick, and the railroads are out of the market and equipment are very large. Projection were broke. There is a marked every large trade above more life in the fast manufacturers selling direct to retailers, in the work end-"There is a general feeling of conservative optimism in commercial and industrial channels, While negotiations for peace in the Balkan territory are unufuly delayed, the situation in post the translational markets is lessening. France is, however, still blanks for gold and has secured considerable sums in New York, but the considerable sums in New York of the Production of part of the conditions in Iron and the form of the production of part from continues at a very high rate, and what approaches a concession of orders provails in rivel reducts, while the railroads are planning for further supplies. Labor troubles in the New York clothing trade produced more or less uncertainty in its staticus branches, but dry goods generally display activity, with confidence even more pronounced than heretofore.
